

Newsletter of 4 January 2019

Dear supporter

Excitingly we have today put in an offer to purchase land in Guilden Sutton. We hope to be successful and will let you know as soon as we have any news.

Meanwhile, the Parish Council is now seeking views from local residents to help them to decide how they can contribute to the project on your behalf. Information was sent out via the recent Parish Council newsletter, which appears in the 'Vicars Cross and Guilden Sutton Voice'. The newsletter is attached below for your information but the paragraph to which the Green Space group wishes to draw your attention is as follows:

Green Space

Over the last few months a Green Space (www.gsgreenspace.org.uk) steering group has been set up. Their aim is for the community to buy several acres of land for the community to use for leisure and recreation. The Parish Council are potentially looking into investing in the venture and invite residents to send their views on the project and the potential of a Parish Council contribution to guildensuttonparishclerk@gmail.com

There is a meeting of the Parish council next **Wednesday, 10 January**, when we presume this issue will be discussed again. We are therefore asking all our supporters to please email the parish clerk at guildensuttonparishclerk@gmail.com **before next Wednesday** to indicate your support for the project and your views about the Parish Council making a financial contribution to it.

We hope to send you further news next week.

The Guilden Sutton Green Space team
