1. Minutes and actions from last meeting

Agreed

2. Open Evening

- The recent open evening was well attended. Several residents came to find out about the project for the first time, and new sign-ups to the mailing list bring the total number of households registered to 139.
- The proposed landscape design was available to view and for comments. All feedback will be typed up and shared on the website. (SJ/BL)
- The project timeline was shared, with tree planting proposed to take place in Jan/Feb 2020. Several local residents signed up to help with activities including tree-planting, fund-raising etc
- Representatives from several other local groups and organizations also attended the evening and expressed an interest in future involvement particularly offering advice and support with tree-planting.

3. Project update

- Legal work is ongoing. There are a couple of issues to resolve and these will be taken to the next Joint Working Group meeting.
- Paperwork is being processed in order to release the Section 106 funds to the Parish Council.
- Cheshire Wildlife Trust is providing information about the School Lane Fields from their wildlife/environmental study of the area.

4. Next meetings

- Joint Working Group meeting Thursday 17th October
- GS Steering Group – to be agreed by email. Week commencing 21st October.
- Parish Council meeting Wednesday 6th November
